- May have their primary club elsewhere
- Will pay 50% of the Full Membership subscription

Privacy Agreement

Privacy Statement 2022 Crake Valley Croquet Club and your Personal Data

The EU General Data Protection Regulations [GDPR] came into force across the whole of the EU on 25 May 2018 at which time all organisations were expected to comply. Non-compliance is likely to result in heavy fines.

CVCC, like many other organisations large and small, are required to comply. Put very briefly, the principles are that we need to show to our members that the personal data the club collects is for specified, explicit and legitimate purposes; is accurate, processed securely and kept for no longer than necessary; and the **Club has a lawful basis for holding that data. "The controller" (the Club Secretary in post) "shall be responsible for, and be able to demonstrate, compliance with the principles"**.

The Club's possession and processing of your personal data needs to be lawful. There are six lawful bases, of which the most relevant is 'consent'; i.e. your consent. The GDPR sets a high standard for consent. Consent requires a positive opt-in. In other words, you must positively document your consent, having been told the uses we make of your personal data. So here goes:

- The Membership Secretary keeps records of members, comprising their home addresses, email addresses, croquet handicaps and telephone contact details.

- These records are also used by the Treasurer to keep details of subscriptions due and paid; and by the Secretary and other committee members to distribute material for General Meetings and other matters pertaining to the Club.
- Members of the Handicap Committees need access to your Handicap Cards. Handicap cards will also be available to Home and Visiting Team Captains during inter-club matches.
- A list of all members, their telephone contact details and croquet handicaps, is available on-line for other members only to facilitate contact between them for legitimate purposes associated with recognized Club activities.
- Contact details for Committee members, Team Captains, Tournament and Event Organisers will be disclosed to the Croquet Association and / or the Northwest Federation of Croquet Clubs and will appear on the CVCC website where necessary.
- **This information is also stored on the Croquet Association Members' Directory** – their secure database - and the level of visibility is controlled by you, the individual member:
 - Level 1: members of your club and CA administrators only
 - Level 2: any member of the CA and CA administrators
- **We will not disclose any member's details to any other body, without their separate consent**, unless required to do so by law.
- The data held for any member will be held for a maximum of 1 year following cessation of membership.
- **More information is available on the Information Commissioner's Office website** www.ico.org.uk
